Summary

I am an aspiring Web Developer set to graduate from Ohio State University's Full Stack Web Development Coding Bootcamp in July 2021. I graduated from Ohio State in 2017 with a Business Degree - and through my work experience I realized that I have a passion for the world of web development and programming. I have a curious mind and I am always looking for something new to learn.

Technical Skills

Languages: Javascript, HTML, CSS, SQL
Applications: Node.js. mySQL, MongoDB, React

Projects

The Tech Blog | https://github.com/jordynnmancini/Tech-Blog-using-MVC | https://shrouded-earth-49486.herokuapp.com
- This was a solo project using the MVC approach to build a tech blog site. It utilizes handlebars for the views, mySQL/Sequalize for the database, and node.js with the Express npm package for the server.

TiddeR Blog Forum | https://github.com/jordynnmancini/TiddeR-Blog | https://tidder-1.herokuapp.com
- This was a group project where we used the MVC approach to build a forum site. It utilizes handlebars, mySQL/Sequalize, and node.js with the Express npm package.
- I was primarily responsible for the server-side javascript and creating the view routes and API routes.

Workout Tracker | https://github.com/jordynnmancini/Workout-Tracker-with-MongoDB | https://nameless-anchorage-79307.herokuapp.com
- I wrote the backend code to the provided front-end code, using MongoDB and Mongoose for the database.

Experience
